FIVE PARKS PIRANHAS SWIM TEAM

CLUB STRUCTURE

The Five Parks Piranhas Swim Team is a recreational team that endorses swimming as a fun and healthy way to spend time in the summer while learning proper swimming strokes, good sportsmanship and fostering team spirit, discipline, and respect. We are a non-profit, financially independent, summer swim club. The team operates under a Parent Board of Directors, all of whom are volunteers. The Board meets during the off-season and holds regular meetings during the summer season at a frequency, time, and date to be determined by the Board. The Five Parks Piranhas Swim Team is a member of the Foothills Swimming Association (FSA) and uses the Competition Rules and Meet Guidelines of the Colorado State Summer Club Swimming Association.

CLUB SEASON INFORMATION

The regular summer club season generally runs from around Memorial Day to mid-July, with practices held daily, Monday through Friday.

The season is extended for two weeks beyond the regular season for those swimmers who qualify for the league and/or state meet. For those swimmers only, practice will continue Monday through Friday during the last two weeks of July. The FSA League Meet and the Colorado State Summer Club Meet are qualifying meets and only those swimmers who have made qualifying times will be scheduled to practice during the last half of July.

Regular meets are held every Saturday. In addition, a few optional meets are held on Sundays. We encourage our swimmers to participate in as many meets as their summer schedule will allow.

Practices and all home meets will be held at:

Village of Five Parks Pool
13810 W 85th Drive
Arvada, CO 80005

located in the heart of the Village of Five Parks, one block south of 86th Parkway, between Indiana and Alkire Streets. Turn south off of 86th Parkway onto Five Parks Drive and turn right on 85th Drive. Pool phone: (303) 403-0377

The team may offer a one-day-a-week winter clinic training program at Meyers Pool from March-May. This program is not mandatory, but provides an opportunity for swimmers to develop their endurance abilities, work on specific skills, and stay in contact with team members during the off-season. Summer club association rules specify that no team shall practice more than once a week during the off-season. In addition, **any club or year-round swimmers must stop swimming with their club or year-round team starting on May 15 in order to be eligible to swim in and qualify for all FSA League meets.**

Practices

- Swimmers should arrive at practice 10 minutes early, ready to participate in stretching activities and prepared to enter the water on time.
- Parents, or a responsible party, **MUST** remain present at practice for the age 8 & under swimmers.
- Swimmers are split into practice times based on age-group and skill. At the coaching staff's discretion, some swimmers may be moved up into a different age-group in order to place that swimmer with other swimmers of similar ability. Again, this is solely at the discretion of the coaching staff and only when it is in the best interest of the individual swimmer. **We CANNOT move swimmers into different practice times in order to accommodate car pool or other schedules.** It is usually in the best interest of most swimmers to swim within their own age group—it is where they have the most fun, are with kids their own age, and can practice the relay and individual meet events specific to their particular age group.
- It is recommended that you attend at least 4 practices per week unless you are involved in other sports.
- If you will be gone, please let your coaches know prior to the absence, especially if it is for an extended period of time. If it is last minute, try to send word to the pool with a friend if the absence is longer than that day.
- Notifications, newsletters, ribbons, etc. are distributed through a file box system. Each swimmer will have an individual file and the file box will be at the pool each practice morning. Please be sure to check your swimmer's file regularly throughout the season.

CLUB SEASON INFORMATION (Continued...)

- No one is allowed in the Depot during practices except to use the restrooms.
- No one is allowed in the baby pool during practices.
- All swimmers and parents are required to exit the pool area at the end of swim practice.
- In inclement weather, the coach will remain at the pool until all children are picked up. Swimmers must stay out and away from the water for 30 minutes following thunder or last sighted lightning. Parents should use their own judgment regarding sending their children to practice. The coach has the discretion to cancel practice due to bad weather.
- **It is important that the coaches not be interrupted during practice. If you have specific questions concerning your child's progress, speak to the coach after practice or send an email.**
